### Intended Itinerary

#### Day 1: Johannesburg – Elephant Sands / Nata

Distance travelled: +/-980km  
Approx driving day: Full day

Departing from South Africa's largest city, Johannesburg, we embark on our journey north through undulating farmlands and past open mines, through quaint towns and villages snaking our way to the Botswana border post, "Martin's Drift". Crossing the Limpopo River we clear immigrations before changing currency into "Pula" at a local roadside stop. With rain a sought after luxury in Botswana the currency is called "Pula and Thebe" interpreted means "rain drops" in Tswana, the national ethnic language. More than one-half of the population live in rural areas and are largely dependent on subsistence crop and livestock farming. We meander through vast open savannahs passing many local villages and bustling trading towns, including Palapye, before our lunch stop in Francistown, a once thriving gold mining centre. We complete our road trip crossing over "veterinary fences" (to control foot and mouth disease) into wilder habitat where elephants roam freely and if we are lucky we may see some alongside the road. We arrive at the tranquil rustic setting of Elephant Sands Lodge in the late afternoon. This area is renowned for up close encounters with wildlife, elephants in particular! Here we spend the night surrendering to nature where our imaginations run wild.

**Distance travelled: +/- 320km**

**Approx driving time: Full day**

Feeling refreshed and soothed from a peaceful night's sleep, we have an exciting day ahead of us. Our journey today takes us north crossing the confluence of the Chobe and Zambezi River via a river ferry and into Zambia. Formally known as Northern Rhodesia, Zambia's population comprises of more than 70 different Bantu ethnic groups speaking different dialects. Some ethnic groups are small, and only three have enough people to constitute at least 10% of the population and most Zambians are subsistence farmers. Arriving at our beautiful lodge on the banks of the Zambezi River, just south Livingstone, over lunch you get the opportunity to choose and book some exciting excursions or adventure activities for the following free day. If time allows, we enter the gates of the Victoria Falls National Park today to witness the intense exhilaration of energy generated from this spectacular natural wonder. Alternatively, we will do this on one of the following two days. With tons of water gushing over the rock face and the cool spray of water over us, we explore the many nature paths winding through the dense moist forest surrounding the face of Victoria Falls. Early evening we end our day joining a peaceful sunset cruise on the Zambezi River soaking up the African ambience with herds of elephant and wild buck wondering the muddy banks. We return to our accommodation for an enjoyable evening.

**NB** From 16th May 2014 the Zambian National Park authority has imposed an unexpected USD10 park fee per night when staying at the Waterfront Resort (and other river fronted properties). The fee is to be paid in cash at the park gate prior to entering the Waterfront Resort and this fee is **NOT** included in the Rush Adventures Local Payment and you will need to budget accordingly. This beautiful region is a natural wetland system spreading over some 1.6 million hectares of northern Botswana resulting from rivers that flow south from Angola, and dividing repeatedly on the flat Botswana plains to form an intricate floodplain of channels and an inland 'delta', the only one of its kind in the world. After a slow drive along rugged windy tracks, we cross the 'Buffalo' fence exposing us to untamed Africa. Finding the water's edge we meet our local guides, familiar and trained in the region, we board their mokoro's (dugout canoes) and are gently 'poled' out onto the narrow flat waterway. Gliding over glistening ponds while weaving through the dense green bulrushes and beautiful wild lilies, we set up a bush camp under shade setting down for lunch. The afternoon is spent either on a game walk with our local guides, viewing hippo from your mokoro or simply taking some restful time out. The evening is enjoyed around the campfire with a little entertainment from the local guides as they sing us traditional Tswana songs.

have the opportunity to join the guide for a trip into town and explore the shopping area and little market stalls scattered around the CBD. Another popular activity is a flight over the 'Delta' to get a bird's eye view of the vast wilderness you explored by boat and foot. **Distance travelled:** +/-530km

An early rise and shine call followed by a satisfying breakfast, we leave Maun travelling through the greater Kalahari region via Mopipi, seeing vast salt pans in the distance. Although a very enjoyable and scenic route, Mopipi has a very small population and is known as the least visited place in Botswana. We arrive at the Khama Rhino Sanctuary in the early afternoon. In 1989 a group of locals wished to convert the Serowe Pan, previously a hunting area, into a conservation region for the rhino that inhabit the area. The 'Pan' was chosen because of its 'rhino-friendly' habitat and its proximity to a Botswana Defence Force base which can provide 24 hour protection. Located on the edge of the vast Kalahari Desert, Khama is a prime habitat
