

Okavango Experience - Camping - (ZB07) – Tour Dossier

Introduction

This exciting adventure begins with a drive from Johannesburg through to Botswana's spectacular Okavango Delta. We cross the wilds of the interior settling in Maun, deep within the heart of Botswana. We take a 4x4, travelling across the Buffalo fence, where we join our Mokoro (dugout canoe) guides at the waters' edge. Spending three days in the heart of the Okavango, gliding across channels of crystal clear water, this is an adventure everyone should experience. The Delta is an exciting way to discover what life is without modern influences and appreciating local people in the region compared to our cosmopolitan living.

Day 1: Johannesburg – Nata, Botswana

Distance travelled: +/- 760km

Approx driving time: Full day

Departing from South Africa's largest city, Johannesburg, we embark on a new journey taking a pleasant two hour road trip north to the Botswana border post, "Martins Drift". Crossing the Limpopo River, we clear immigration's before changing currency into "Pula" the local currency of Botswana. Rain is a sought after luxury in Botswana, the currency is called "Pula and Thebe" interpreted means "rain drops" in Tswana, the national ethnic language. More than one-half of the population live in rural areas and are largely dependent on subsistence crop and livestock farming. We meander through vast open savannahs, passing many local villages and bustling trading towns, including Palapye, before our lunch stop in Francistown, a once thriving gold mining town. We complete our road trip crossing over "veterinary fences" (to control foot and mouth disease) into wilder habitats, arriving at the tranquil rustic setting of Nata Safari Lodge in the late afternoon, where we enjoy a dinner under the stars in the wilds of Africa.

Driving west with a strong possibility of encountering towering Elephant and Buffalo alongside the road, you encounter many interesting local villages and herdsman attending to their live stock. Maun is the gateway town where you first stock up on your supplies, for your three day adventure excursion into one of the wildest and most remote territories on the continent. Basing ourselves at a tranquil bush camp out of town, shaded by many trees, you enjoy the night in the calm surroundings of Sitatunga camp.

Day 3 Maun – Okavango Delta

Distance Travelled +/- 60km

Approx driving time: Two hours

With bags and food supplies packed and sun screen and hats on hand, you climb onto our 4x4 bush tracker, ready to unearth the wonders of the Okavango Delta. This beautiful region is a natural wetland system spreading over 1, 6 million hectares of northern Botswana, formed from rivers that flow south from Angola and divide repeatedly over the flat Botswana plains and wind an intricate floodplain of channels and an inland 'delta', the only one of its kind in the world. After a slow drive along rugged windy tracks, you cross the Buffalo fence, exposing you to

untamed Africa under the care and safety of your experienced guide. At the water's edge you meet your local guides who are overly familiar with the region and you are gently poled out onto the narrow flat waterway on a Mokoro (dugout canoes). Gliding over glistening ponds while weaving through the dense green bulrushes and beautiful wild lilies, we set up a bush camp under shade and gather for lunch. The afternoon is spent either on a game walk with your local guides, viewing Hippo from a Mokoro or simply taking some relieving time out. The nights are enjoyed with the sounds of wild animals in the distance around your campfire and encouraging your local guides to sing us traditional Tswana songs.

Wow Factors: 4x4 transfer, entry to delta, Mokoro with poler, local guide, game walks

Accommodation: Okavango free camping (2 man dome tents with shared facilities)

Meals included: Breakfast, Lunch & Dinner

Day 4 Okavango Delta

Distance Travelled 0km

Approx driving time: Nil

The sounds of snorting Hippo nearby and the aroma of coffee brewing on an open fire, awakes you for a light breakfast in the cool morning breeze. The water of the Okavango is remarkably pure due to the fact that it passes through very sparsely populated areas on its journey from Angola, making the water safe to drink and bathe in. Joining your guide you enjoy an informative trek through the marvelous savannah terrain. The delta environment has large numbers of animal populations such as Crocodile, Red Lechwe, Sitatunga (Antelope), Elephant, Wild dogs, Buffalo, Wattled Crane as well as the other more common mammals and bird life. From relaxing at camp through the midday heat to the incredible silence experienced on the cool waterways, you are able to ponder the magnitude of life without western influences. If our camp is in reasonable walking distance of a local village, then you stand a good chance of visiting these humble folk before retiring to camp for another night of laughter and stories gathered around a warm flickering fire.

Wow Factors: Entry to delta, Mokoro with poler, local guide, game walks

Accommodation: Okavango free camping

Meals included: Breakfast, Lunch & Dinner

Day 5 Okavango Delta – Maun

Distance Travelled +/-60km

Approx driving time: Two hours

After a final game walk followed by a light breakfast, we pack up our gear clearing the site of our existence before loading our Mokoro's. Satisfied, you glide over the still waterways returning to the poler's station, where our 4x4 tracker waits for you and your poler's bid you farewell. Crossing the buffalo fence back to civilization, you enjoy the luxury of hot showers once again with some time out for a lunch break or a swim, in the main camp's swimming pool. This afternoon feeling revitalized and refreshed, you have the opportunity to join a trip with a guide into town, where you can explore the shopping area and little market stalls scattered around the C.B.D. A popular activity is a flight around the Delta, which will leave you breathless when you see the vastness of the surroundings from the air and the insignificance of man in these parts. We return to camp and prepare a wholesome dinner ending the night under the stars with the distinct scent of wild sage in the air.

Day 6 Maun – Khama Rhino Sanctuary

Distance travelled: +/-530km

Approx driving time: Third of day

An early rise and shine call, followed by a satisfying breakfast, we leave Maun travelling through the greater Kalahari region via Mopipi, seeing vast salt pans in the distance. Although a very enjoyable and scenic route, Mopipi has a very small population and is known as the least visited place in Botswana. We arrive at the Khama Rhino Sanctuary in the early afternoon. In 1989 a group of locals wished to convert the Serowe Pan, previously a hunting area, into a conservation region for the rhino that inhabit the area. The 'Pan' was chosen because of its 'rhino-friendly' habitat and its proximity to a Botswana Defense Force base, which can provide 24 hour protection. Located on the edge of the vast Kalahari Desert, Khama is a prime habitat for white Rhino, Zebra, Wildebeest and Giraffe. Khama is a community based wildlife project which, benefits the local community and teaches and educates the importance of conserving these

animals. This afternoon we enjoy an open game drive with knowledgeable local rangers, taking in an abundance of interesting facts from Rhino to Fauna and Flora. Our last night on safari, is spent in the camp site, swapping stories and laughter with our last meal as a group.
